Review

Last two week, I took some steps to complete PA04 and plan our new campaign.

Completed:

- Completed requirements from PA04
- Wrote and published reports for each mission
- Plan and apply work division on Trello
- Strictly follow the RUP and Scrum model

In progress:

- Prepare for PA05

Outcomes:

- Revise SAD
- UI Prototype
- Weekly report

The main challenge we face is that the team members have no work experience. I think one solution to this is to let the team members get to know each other more in the following weeks. This will help our team work faster and more thoroughly in the future.
